

DATE: May 13, 2011

TO: SUD Treatment Providers

FROM: Business Psychology Associates (BPA)

SUBJECT: Claims payment through the end of State fiscal year

As you may be aware, the State expects to run out of treatment funds for this fiscal year in late May. BPA recognizes the need to support you with timely claim payments. We recognize that you have financial obligations to make and staff to support. Therefore, BPA will continue to pay claims during the 30 to 35 days from the last part of May through June with a 7-14 day turnaround from the receipt of the claim. We are currently paying claims within an average of seven days. On July 1, 2011, the State will receive the next fiscal year's appropriation of treatment funds.

If anything should change, we will notify you immediately.

Thank you again for all you do to support the clients in our state.
